

# Toronto Public Health is developing a **Toronto Overdose Action Plan** and we need your input.

Have you experienced a drug overdose? Do you have service users, friends or family members who have experienced an overdose or are at risk?

Come out to learn more about the draft Action Plan, and share your ideas about what the City and other governments can do to prevent and respond to drug overdoses in our community.

To register for one of the consultation sessions, please click here:
